

Sitka

What's New in Evergreen 3.11 Sitka's Annual Evergreen Upgrade

Sitka's Evergreen servers will be unavailable from **Saturday, October 21st @ 9:00 pm PT** until **Monday, October 23rd @ 5:00 am PT**.

Check the [Evergreen 3.11 Upgrade](#) page for the most up to date information.

Before the Upgrade (*now until October 21st*)

- Ensure relevant staff are subscribed to Sitka communications through bc.libraries.coop
- Go through the [3.11 preview page](#) to familiarize yourself with the changes
- Watch the [new features videos](#) - and check back often as new ones will be posted
- Communicate to your patrons that a change is coming
 - LibPress libraries - use the shared Evergreen upgrade slide

During the Upgrade (*October 21st – 23rd*)

- The web staff client and the public catalogue will be unavailable
- The offline module will be unavailable
- Authentication of most 3rd party services will continue so your patrons' access to most digital resources won't be affected by the upgrade

After the Upgrade (*October 23rd and beyond*)

- Before you do anything else, [clear your cache!](#)
- If you run into an issue:
 - Check the [known issues list](#)
 - Check the [documentation](#) - *this will be updated to 3.11 on October 23rd*
 - Contact [Co-op Support](#)

Changes of Note

- Password visibility toggle at login for both staff and patrons
- OPAC Visible statistical categories now display in the public catalogue
- New interfaces for statistical categories, library settings editor, and more
- Courses can now be un-archived in the course reserves module
- Significant changes to parts of the acquisitions module
